

OXYGEN BAR RENTAL

RELAXING

REVITALIZING

HEALING

Each Oxygen Station allows 2 people to connect to the 4 different Aromas on the Station

Oxygen Stations sit on a 4 ft or 8ft Glow Bar

On an 8ft Glow Bar we can sit 4 Stations comfortably

You can book the bar with or without Glow Bars and with or without Bar Stools

You are able to pick from a wide range of wonderfully smelling aromas

Each guest is given a Nose Hose which is how they attach to the Oxygen

They then relax and breathe in the 92% Oxygen

At the end of the session the nose hose can be thrown away or kept should they wish to come back to enjoy another session

Our oxygen bars can be both a solo attraction or an addition to any event

Why not create a relaxation area with Massage Therapists, Massage Chairs, Massage Machines and Yoga Instructor, etc

We also offer custom branding to our bars and stations.

LOOKS GOOD

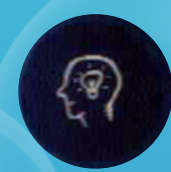

SMELLS GOOD

DOES YOU GOOD

OXYGEN BAR AND ITS BENEFITS

Apart from the smell of the wonderful aromas this is what breathing 92% Oxygen can do for you and your guests

Increases memory capacity, stimulates brain activity and heightens concentration

90% of pure energy comes from oxygen and only 10% from food and water

Oxygen boosts the immune system and is vital to memory, thinking and sight

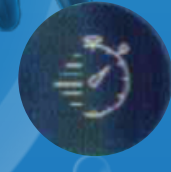

Promotes healing, counters aging and reduces stress

Strengthens the heart and reduces the risk of heart attacks

Calms your mind and stabilizes your nervous system

Speeds up the body's recovery after physical exertion

Provides a natural remedy for headaches, migraines and hangovers

Relieves temporary altitude discomfort

Improves digestion, cell metabolism and detoxifies the body

Builds endurance, improves strength, relieves muscle stiffness, supports pre and post athletic performance

Lessens Chronic Fatigue Syndrome and gives you better sleep patterns with deeper sleep
